HINES INDUSTRIES

LEGEND SERIES

- User-friendly touch screen computer
- Optional laser locator for accurate correction
- Retractable accessible electrical components

Machine Specifications

Machine Dimensions:

Length 6 ft. (8ft option)
 Height 5 ft (7ft with drill)
 Width 30 in (45in with mill table)

Balance Sensitivity:

+/- 0.01 oz in

Power Requirements:

Machine 115VAC/1ph/60Hz
 Drill 220VAC/3ph/60Hz
 Scale 115VAC/1ph/60Hz

Machine Capacities:

Weight Capacity 500lbs
 Weight per stanchion 250 lbs
 Max dia. between stanchions 36 in
 Max/Min bearing to bearing 5 - 56 in
 Diameter at support bearings ½ - 4 ½ in
 Drive diameter range 1 - 8 in

Drill Specifications:

Max/Min RPM 60 - 1500
 Swing 21 in
 Spindle stroke 5 in
 Spindle taper M.T.#3 or R-8
